

GENEVA LSGG  
RNP RWY 22

|                                                                                                                                                                                                           |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>CAUTION</b>                                                                                                                                                                                            |
| 0.8 NM before THR22 Visual Segment Surface (VSS) penetrated by power lines and trees up to <i>1527ft</i> AMSL.                                                                                            |
| <b>NOTE</b>                                                                                                                                                                                               |
| <sup>1)</sup> Above aerodrome ELEV <i>1411ft</i> , circling on request of ATC under special conditions and north of RWY only, speed (MAX IAS 180kt) and radius for category D as for category C aircraft. |
| <sup>2)</sup> Circling must remain inside CTR at all times.                                                                                                                                               |

### Input data

|                                     |               |
